No need to press, just write

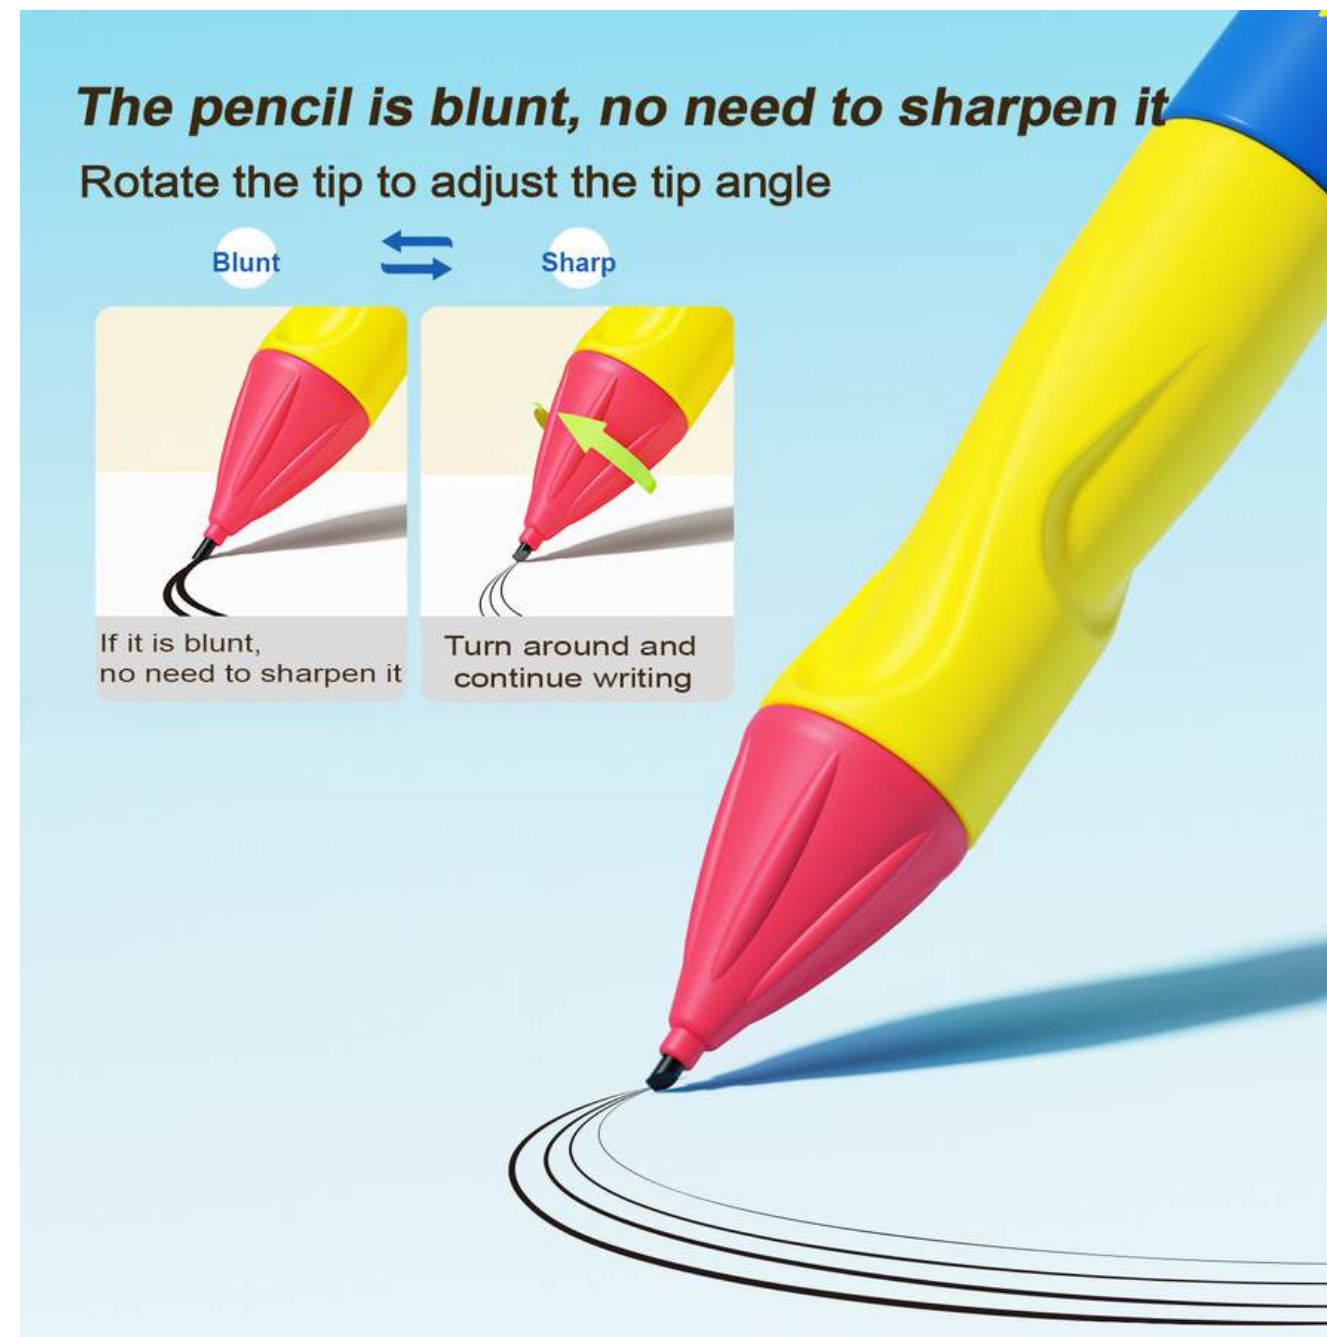

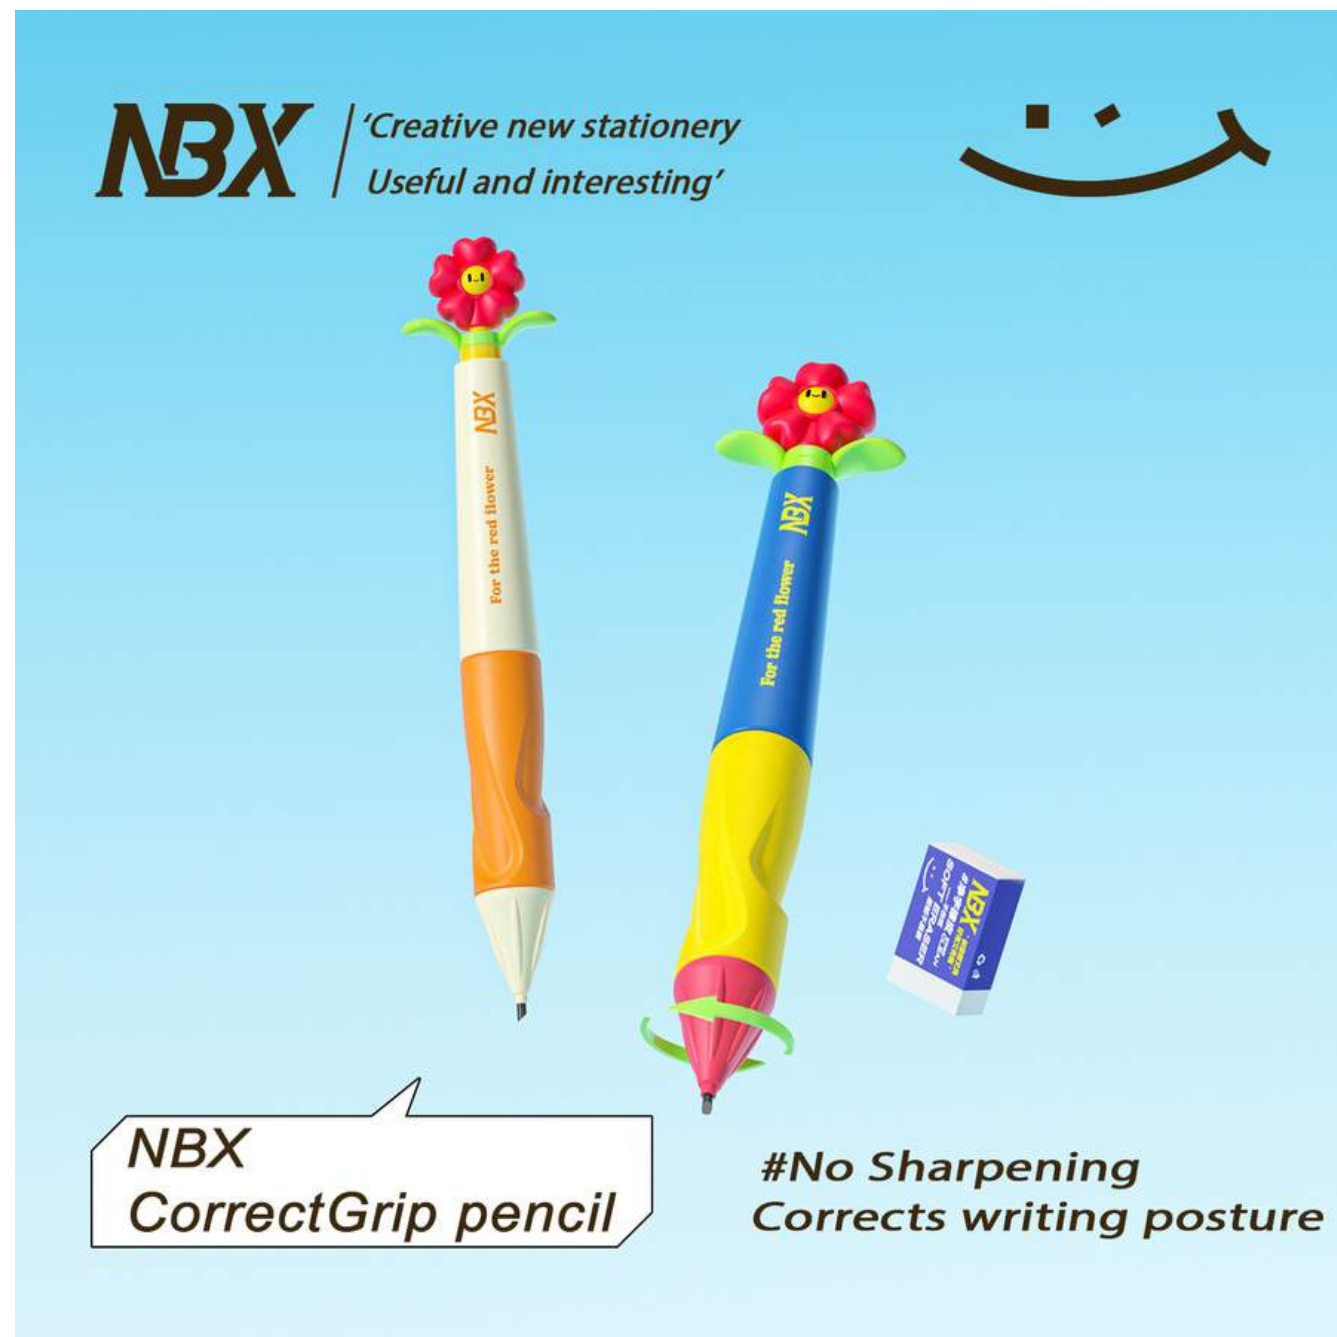

# Gravity-sensing pen

# Multiple options

# NBX Correctgrip pencil

# Multiple options

**Put the lead core on the top,  
press the core out**

**Why choose our CorrectGrip pencil?**

① More worry-free

0.5/0.7/0.9 pencils are easy to break

② Cleaner

Regular pencils need to be sharpened frequently and can easily stain your hands

③ Save money

No more spending money on pencil sharpeners

Our 1.3mm pencil lead is not easy to break

No need pencil sharpener, when the quill gets dull, turn it to the tip and keep writing.

One lead core all for writing, no sharpening, no waste!

**All lead cores for writing**

More durable, less waste

The whole refill can be used for writing, no need to sharpen the pencil, no waste!

# NBX Mechanical Pencil Grip

<<NBX-JZ01

---
